The Disabled Members' Standing Committee (DMSC) works on behalf of all our members from Further Education to Higher Education, Prisons, Adult and Continuing Education and academic-related, professional services staff and researchers.

One in four members are disabled - including members with visible or invisible disabilities and with a hearing

3. Ideally, the review should be conducted at the same time every year (i.e., at the beginning of each academic year)
4. Inform the lead for Health and Safety and the Joint Negotiation and Consultation Committee (or equivalent) at your institution about this checklist so that they can assist you with completing the review.
5. Where data is missing (because reps are unable to find the required information), inform the lead for Health and Safety, and your branch committee.
6. When you have completed the checklist, discuss the results with your branch committee. You may wish to include some recommendations or priority areas for attention.
7. Please share your results and recommendations each time it's conducted with the Joint Negotiation and Consultation Committee (or equivalent) at your institution to put pressure on your employer to take action.
8. Please share the results and recommendations of the review each year with UCU including sending your completed checklists to egadmin@ucu.org.uk.

Please specify the location you are auditing, for example:

	Is the reception point fitted with an induction loop?			Notices displayed to inform visitors

This checklist, which is not exhaustive, should be answered about how accessible your institution is to workers with visible and non-visible disabilities and those with a hearing impairment, neurodivergent and/or a mental health condition. The checklist is divided into the following sections and branches are encouraged to complete, it in full, or to choose an area, for example, if disabled members have raised issues around ' / v (} E u and access, then branches should use that checklist to support engagement with employers. The checklist covers the following sections:

- A. Working conditions
- B. Information
- C. Virtual learning environment
- D. Fixtures and fittings
- E. Doors and entrances including reception
- F. Ramps, steps and floors
- G. Lavatories

- J. Auditory / Visual
- K. Support

This checklist is not intended to be a representative sample, it will allow branches to analyse the data to feed into local and national equality campaigns. If you have any suggestions on how this checklist can be improved, please contact the DMSC via Sharon Russell (srussell@ucu.org.uk).
